SUMMARY

I am an experienced developer who has been working in software development **since 2019**, specializing in building user interfaces, testing, and debugging. Skilled in Vue.js, Node.js, React.js, AngularJS, PHP, JavaScript, Java, and SQL, I am passionate about programming and continuously learning new technologies to solve complex challenges.

EXPERIENCE

Linkse Pte ltd | Singapore

Freelance Frontend Engineer

(October 2025 - now)

- Manage and develop frontend web applications using Quasar Framework (Vue.js).
- Implement and maintain micro-frontend architecture using modular packages.
- Integrate frontend applications with backend APIs to ensure smooth data flow and functionality.
- Collaborate effectively with a multinational, cross-functional team to deliver high-quality features and improvements.

Indodax Nasional Indonesia | Jakarta , Indonesia
